Hello!

My name is Tyler Karr, and I am a resident of Portland, Oregon. I write to you to support a strong cap-and-trade policy, and I support the SB 1530 bill.

I have my entire life ahead of me, and recognizing climate change and enacting policy to reverse and prevent these changes are imperative! We simply cannot afford to ignore the climate crisis and our representatives must hear us and take appropriate action.

Sincerely,

Tyler J Karr
