

Hello, I am listening to the session right now and wanted to email my concerns regarding Fios techs/Cable and internet field techs.

I ask you to please take into consideration and issue a plan/requirement for all of the fiber optic/cable workers (Frontier, Xfinity, etc) out on the field right now, going into multiple homes and business every day, exposing the community and their family members they come home to! My husband works for one of these companies and there has been no talk of closing. Our son and I both have asthma, so I am very concerned about the possible exposure.

Please help.

Olivia Nelson
