

I'm writing in response to the need for aid during all the business closures.

I'm currently living with two other people, one of whom owns the home and has a mortgage. I'm hoping you can freeze all utilities, bills, rent, AND mortgages, or at least try to fight for this to happen. I know that is so much to ask, but one can't ask everyone to stay home and then expect us to still be able to pay our bills.

I JUST started a housekeeping business and now I won't be able to pay any bills. Please help us all.

Signed,
Beth
