

To whom it may concern,

I am a certified instructional assistant in the David Douglas School District and have recently been informed of the governor's mandatory school closures until April 28th. Being that I am only paid when school is in session, I am concerned about my monthly household bills. My wife works for Starbucks and is waiting on a phone call today on the potential closing of her store. I realize there are many of us who are in the same situation and who are in need of assistance. I urge you to consider any form of financial help you can provide. I'm sure you are doing your best to ease the burdens of all educators and their families.

Thank you kindly,

Brenda Dickey
