

To whom it may concern,

I own a small business on N Williams Ave.

I have had to close my doors for the safety of my 9 employees and all of our clients.

I have two small children, a mortgage and all the associated costs of family life. I have been living hand to mouth and don't have a nest egg or any savings.

If there is relief for small business in Portland I would definitely be interested. I have payed my rent at my retail location for the month of April, but that's all I've got. My \$2300 home mortgage is due at the end of the month and I don't have the means to pay it.

Any advise or help is appreciated,

Thank you
Tyler Adams
