Subject: Resturant workers loss of tip pay
Date: Wednesday, March 18, 2020 12:25:31 PM

What are you going to do to help people like my daughter. Single Mom, just bought a house two years ago. Bar tender at Rogue bar/ restaurant in Newport. Just got laid off indefinitely because of virus. Unemployment doesn't take into consideration for tips lost which is 90% of her earnings. Not enough to pay mortgage or utilities!! A lot of resturant workers are illegals and cant apply for even food stamps let alone unemployment. I see that Governor Brown will be helping small businesses. What about the workers!
