

It is inexpressably important that our state undertake to immediately suspend rent and mortgage payments as well as all evictions, without restriction, barrier, or means testing, effective immediately and by preference as of a week or more ago.

This is a required minimum floor for action; without absolute assurance that access to housing will not be lost, social distancing and self-quarantine will be half-measures at best.

Respectfully,  
Mark Harvey  
Citizen, US Army Infantry combat veteran
