

I am writing to ask that you have a discussion about how these new rules that allow renters relief from paying rent during this time will effect the rental owners.

I am a person that is disabled trying to manage with my \$500 of social security benefits and the rent from my one rental property. I can't survive even one month without receiving my rental payment. Please address what you will plan to do for someone in my situation. I don't have a job and would not be able manage. If I don't receive the rent then I may become homeless myself. Please please take this into consideration when making plans on helping out the renters. Not all rental owners have a bank of cash to help them through this. I appreciate your time and hope you will address this issue as well when making plans.

Thank you,  
Maria Cook
