

To Who It May concern:

I am a single senior citizen on a small fixed income. I have one rental property. The income from that goes for maintaining that property, property taxes, insurance. I also use my rental income to pay those same expenses for my primary residence.

The rental income also covers premiums for increased medical and medicare as well as dental expenses. As you know, the cost of living for most everything continues to increase.

Having a vacant property right now, I just decreased by monthly rent to enable someone to relocate in these uncertain times.

I do have a little savings BUT IN THIS UNUSUAL PANDEMIC SITUATION (which we don't know how long it will last) , I can't afford to defer a tenants rental payment.

SO ...PLEASE DO WHAT YOU CAN TO HELP THE INDIVIDUAL PROPERTY OWNER.

Thank You
