

Hi,

Thank you for hearing my comments.

I am a senior and a retired teacher. I depend on rent from my one unit to help pay my mortgage. I have just heard that you are considering eliminating rent payment until this summer. My renter has more money than I do. He is a PA at Slocum, still working and is very able to make the rent. I am an amazing landlord who has kept the place in great shape.

I intentionally have stayed out of the stock market for fear of a coming crash. I thought real estate was much safer. Please don't forgive rent for those who can pay. It will create problems for many!

Thanks for helping,

Laurie McCaskill
Retired Teacher, Rental Owner
