

Links to support Emerald Flash Testimony to Oregon House Agriculture and Land Use Committee.

These links are provided to give additional background information

1) This provides general information on the Hydroponic system we intend to utilize

<https://www.freightfarms.com/greenery>

2) This provides examples of various different organizations that use Freight Farm systems

<https://www.freightfarms.com/case-studies>

3) This provides an internal tour of a Greenery system. In light of the fact that there are no units in Oregon currently and travel is extremely limited due to the Covid pandemic this is the easiest way to examine the inner workings

<https://www.freightfarms.com/3d-tour>

4) This link is to a tele-seminar hosted by Lotus House, a shelter in Miami, Florida. It is their model that is the basis for much of our conceptual thinking.

https://www.youtube.com/watch?v=2o_adSflyQ&t=47s

5) The FF blog is an opportunity to investigate other questions.

<https://www.freightfarms.com/blog-home>

6) This link provides information on the types of crops that can be grown inside the system

<https://www.freightfarms.com/container-farm-crops>

7) This link explains the science of the photosynthesis process.
