

I am a job coach and support a gentleman Ted DeBock who has filed for unemployment benefits and has yet to receive them. I am emailing on his behalf. He is a driver for Uber and Lyft. He had stayed home since the governor's stay at home order. He filed on April 7. He received a denial. He then filed a appeal and sent in the Cares Act form for self employed. He Files files every week and has not heard from anyone at the employment office. Please call him @Ted DeBock 503-507-5137
