

June 1, 2020

Senate Business and Labor Committee
900 Court Street NE
Salem, OR 97301

Chair Taylor, Vice-Chair Knopp, Members of the Committee:

As requested during the committee's hearing on June 1, 2020, there are 8,989 known positive diagnosis among United Food and Commercial Workers members nationally. This is likely an underreporting, and does not reflect numbers from unrepresented stores.

Certain sectors have been hardest hit, including food retail, food processing, meatpacking, and healthcare.

Sector	Deaths	Hospitalizations	Positive Diagnosis	Awaiting Test Results	Symptomatic	Exposed
Food Retail	73	15	3,459	225	1,339	5,755
Food Processing	10	8	626	58	2	2,556
Meatpacking	52	114	3,086	514	150	9,143
Healthcare	19	4	942	26	16	10,327

Please feel free to request any other information desired. Information for Oregon is being updated. I will provide that separately.

Best regards,

Jeff Anderson
Secretary-Treasurer, UFCW Local 555
