Subject: Rent Relief
Date: Tuesday, March 17, 2020 12:22:31 PM

Hello, my name is Gillian Johanson. I am an Oregon resident and full time bartender. I am now unemployed due to the corona virus. It is unsafe for people to be working with the potential to become life threateningly ill.

I implore you to put a rent freeze into effect. People should not be held responsible for paying bills when they are unable to make any money for fear of becoming sick. People should not be held responsible for paying this money back during this outbreak. We need relief, not an extension.

Please consider this, it would help a lot of people
