Subject: Emergency Child Care for First Respondents near Sandy, Oregon
Date: Tuesday, March 17, 2020 12:14:59 PM

I have an old Ranger Station on Vista Loop Dr in Sandy Oregon, It is a micro farm with alpacas, ducks, rabbits, cats and dogs. In the past it was certified by DHS for foster care. I have notified them that I would like to provide emergency child care for first responders. My goal was to turn this Ranger station into a scout camp. I propose to make some temporary camping facilities. individual Tents, portable toilets, electricity, and internet. Each child would get his / her own area of responsibility on the farm and learn skills in fresh air. I would also like some fence to start a goat herd to provide milk to mother with babies. My name is Paul Elmore I can be contacted best by email. rangerstationranch@gmail.com or 503 668-7995. Thank you. Paul
