I know that I am not alone in needing a rent/mortgage freeze for the duration of this gathering ban.

I don't understand how our government thinks that we're going to be able to pay back rent debt after being out of work for so long. Please realize that a very large portion of these people are living paycheck to paycheck and this debt will absolutely doom them.

Please help us stay out of debt and demand a rent/mortgage payment freeze and eliminate any and all notions of a rent debt.
