Subject: Eviction moratorium
Date: Monday, June 22, 2020 7:30:13 PM

To our Leaders,

I urge you to support extended moratorium for rent. So vital, when we know that people struggling to pay rent already will find this an impossible task left as is. We have only to hear from other states of the mass evictions currently taking place. Our city already has so many homeless, number one state in the nation for homeless children. It costs much less to keep families housed than to have to come up with deposits and rent somewhere else, with the added obstacle of having an eviction on their record. Please keep those already housed in their homes.

Sincerely,

Samm McCrary
