---

Esteemed members of the Lane County legislative delegation,

I live in Eugene and have a property management business that is trying hard to supply quality homes and do the right thing.

An extension of the governor's housing moratorium is on the legislative agenda and the current proposed moratorium on evictions is short sighted and does nothing to actually help struggling renters stay in their homes.

The collective burden will be put on housing providers and will land a devastating blow to Oregon's naturally affordable housing supply. The proposed legislation:

- Does not address the **\$150M** shortfall in rental assistance funding for struggling Oregonians.
- Lacks a minimum objective demonstration that nonpayment of rent is tied to COVID-19 virus, creating a loophole for those looking to exploit a crisis in their favor.
- Declares that the tenant has possession of the unit despite nonpayment of rent, which is rewriting contract law.
- At a minimum, creates a yearlong state seizure of property with no reassurance of compensation.
- Aggressively penalizes housing providers for administrative errors but gives no guarantee of relief to housing providers who incur property damages during the moratorium.
- Provides immunity to shelter operators and public entities but not to rental housing providers
- Codifies an emergency ordinance on the books forever.

Oregonians need long term solutions, not political punting. Oregon's leaders need a comprehensive response that:

- Encourages the Governor, through her Executive Order to extend the moratorium, and avoid the political horse trading of the special session.
- Provides rental assistance to struggling Oregonians, who are already facing a **\$150M** shortfall in unpaid rent.
- Improves the distribution of rental assistance with a uniform application process so that struggling Oregonians can receive assistance NOW.
- Opens courts to process housing providers claims for damages and losses to minimize debt and preserve naturally affordable rental housing.
- Establishes liability protection for housing providers, with exception for gross negligence, to head off costly frivolous lawsuits further restricting housing supply and jamming our courts.
- Does not codify an emergency order into law.

Thank you for your time,
