Subject: The burden of the continued moratorium will be put on housing providers – devastating Oregon's naturally affordable housing supply
Date: Tuesday, June 23, 2020 1:57:31 PM

To whom it may concern,

We are a small family business renting out our properties in the Portland Metro area. If this bill is passed, it will devastate our business as we won't be able to pay for mortgage and operating costs (handyman cost, maintenance cost, overheads, etc). Also, if the bank foreclosed our house and other landlords' houses the housing supply will drop dramatically.

Additionally, the proposed legislation:

- Does not address the **\$150M** shortfall in rental assistance funding for struggling Oregonians.
- Lacks a minimum objective demonstration that nonpayment of rent is tied to COVID-19 virus, creating a loophole for those looking to exploit a crisis in their favor.
- Declares that the tenant has possession of the unit despite nonpayment of rent, which is rewriting contract law.
- At a minimum, creates a yearlong state seizure of property with no reassurance of compensation.
- Aggressively penalizes housing providers for administrative errors but gives no guarantee of relief to housing providers who incur property damages during the moratorium.
- Provides immunity to shelter operators and public entities but not to rental housing providers
- Codifies an emergency ordinance on the books forever.

Oregonians need long term solutions, not political punting. Oregon's leaders need a comprehensive response that:

- Encourages the Governor, through her Executive Order to extend the moratorium, and avoid the political horse trading of the special session.
- Provides rental assistance to struggling Oregonians, who are already facing a **\$150M** shortfall in unpaid rent.
- Improves the distribution of rental assistance with a uniform application process so that struggling Oregonians can receive assistance NOW.
- Opens courts to process housing providers claims for damages and losses to minimize debt and preserve naturally affordable rental housing.
- Establishes liability protection for housing providers, with exception for gross negligence, to head off costly frivolous lawsuits further restricting housing supply and jamming our courts.
- Does not codify an emergency order into law.

Sincerely,
