

Dear Oregon Legislature,

I support making duty to intervene mandatory and making it a misdemeanor to fail to intervene. I support changing the use of force statute.

Stop allowing police to kill unarmed fleeing humans!

Importantly, I support ELIMINATING qualified immunity.

It's also time to fully ban choke holds.

I support reducing funding and increasing training. Why is lethal force being used on unarmed citizens?

This is wrong and YOU need to change it, or we will vote you OUT.

Thank you for doing your civic duty, even in a system that uses police to protect and serve corporate, not public interests.
