

Chair Bynum and Chair Manning and members of the committee,

For the record my name is Jessica Donnell and I live in Portland, Or where we are dealing with an ongoing investigation into racism within our own police department. Thank you for drafting this bill and I want to speak to LC-742. I support this because I am concerned for the safety of protestors and for our BIPOC community. Far too often excessive use of force is used and not warranted.

Jessica Donnell
