Dear Chairperson Bynum, Chairperson Manning and members of the committee,

Your work on the bills listed below is key to me and countless others. Thank you for voting YES!

I believe these initial steps will support changes in specific areas of concern (e.g., police brutality, the systemic racism affecting many of Oregon's police departments). Advocating for change in these areas will be critical in helping to establish more equitable and responsible police departments in our communities.

The time to make these changes is NOW when many Oregonians are finally willing to address the pain of our state and community's collective racist past. Thank you for your leadership as each of us personally and collectively move forward in the midst of challenging times. I expect Oregon to emerge from these days *better* and thank each of you for your role in moving us there!

LC 742 - Changes to the tools law enforcement can use during crowd control situations

LC 743 - Relating to police officer uniforms and identification ("demilitarizing" police)

LC 744 - Relating to police officer misconduct

LC 745 - Relating to the use of force by police officers

Thank you for your dedication to ALL of Oregon's residents,
