

Hello,

I signed up for oral testimony today but will not actually be able to be there during the meeting window. So I am sending my written testimony instead.

Dear [Joint Committee On Transparent Policing and Use of Force Reform](#),

I am writing to support the community's urgent demands for further police reforms and for greater accountability and transparency. These are historic times, and Oregon should take bold steps towards justice.

Specifically, I support the below, and ask that you make them strong and rigorous, to protect Oregonians from violent police officers.

I also ask you to go beyond these and meet all the policy demands by Reimagine Oregon: <https://www.reimagineoregon.org/policydemands/divest>, including demands to divest from the police and invest in housing, anti-poverty, and community-led development in Black, Indigenous, and People of Color communities.

Please support:

- **LC 746**
Relating to arbitration awards
- **LC 748**
Relating to records of discipline of police officers

Thank you,
Megan Horst
