

My name is Alisha Carte and I live in the 2nd district. I am testifying about bill LC 742. I have personally been subjected to and had the unnecessary use of chemical incapacitants, kinetic impact projectiles and sound devices by law enforcement agencies. These have taken a toll and peacefully protesting is no grounds for these actions to be taken. I have witnessed the effects it has on others and it is terrible. This needs to be regulated because of the health impacts. Women are having abnormal menstrual cycles because of these chemicals, it's still on the grass that won't grow back downtown, animals that were native to the area are no longer there and these chemicals are expired going back to dates of 2008. I am supporting these bills LC 742, LC 743, LC 745, LC 751, LC 761, LC 762 and LC 763.
