Subject: Oppose Surprise Tax Increase in LC 2
Date: Thursday, August 6, 2020 5:10:07 PM

Dear Chair Nathanson,

What possible sense can this make? It falls into the same category as seeking political retribution by sending Oregon State University to randomly test eastern Oregon counties for COVID-19 cases in order to find enough ammunition to shut down commerce and mobility in those areas while letting our major cities be destroyed by anarchist terrorists. There is no emotional maturity on our state leadership. We are pretty much doomed.

Sincerely,

Gordon Graham
