

Dear Committee Members:

I have a question for the committee regarding the \$86 million federal grant to upgrade the Oregon Employment Division's computer systems that was received in 2009. This money still hasn't been spent on a new computer system. Where does the interest go on this sum? Does it accrue, or has it been transferred to something else such as PERS or another non-computer-related purpose? Thank you for the opportunity to comment.

Sincerely,

Chris Carvalho
Aloha, OR
