

Testimony on policing

Hello,

As an Oregonian & Portland resident, I wanted to write in support of the following:

- No more chemical weapons, no loopholes
- Cops need to wear their name tags and keep them uncovered at all times
- No more arbitrator vetoes on cop discipline-if the independent review board recommends a firing, the mayor and chief shouldn't get to override it for loyalty points and union endorsements
- Don't hurt arrestees
- Track cop crimes and tell the public
- Nullify qualified immunity

Thanks for your time and consideration.

Sincerely,
Dustin Sims
