

My unemployment stopped being paid in July? I have letters stating more info needed. I have not received the questions. After calling 4x per day have not been able to get through. Multiple letters sent... no response.

I live in rural Oregon. Do they feel that we are not important. I have had to stop buying my Rx's because there are no funds.

Stood inline for 4.5 hours to apply for state funds. Was turned away because &\$ we're gone.

Please advise!
