

Hello,

My name is Patrice Pollard and I live in Senate District 10. I support Black Lives Matter and the legislature passing the bills introduced by the Police Reform Network(PRN). I support all the bills, especially, LC 19 and LC 17. In the interest of community safety, police disciplinary records must be made public and law enforcement personnel should never be allowed to use "not lethal munitions" to control crowds. Rubber bullets, tear gas and other chemical dispersals should not be used. I have seen the grievous harm they do to people.

Again, I support the legislature passing these bills.

Thank you,

Patrice Pollard
