

I support the legislature passing the bills LC 17, 18, 19 and 20 drafted here:

<https://olis.oregonlegislature.gov/liz/201911/Committees/JTPUFR/2020-09-03-13-00/MeetingMaterials>

It is apparent from the testimonies that I have seen and heard from protestors in Downtown Portland and from police actions in Oregon that have disproportionately led to the arrest and death of Black Oregonians that the changes proposed in these bills are necessary in order to achieve a more equitable and just State. I want a legislative session to be called in September and for the police violence restraint bills to be passed.

Thank you!
