

Representative Fahey, Vice Chair Meek and Vice Chair  
Zitka

Good Morning

My name is Deborah Imse and I am the Executive  
Director for Multifamily NW.

I was asked to spend a few minutes speaking with you  
about what Multifamily NW is doing to educate housing  
providers. We were fortunate to be able to pivot to  
online virtual education. To date we have conducted 12  
online classes with over 2000+ attendees involved in  
nearly every facet of the housing provider industry.

These trainings include: Covid-19 Forms Training with  
Q&A, Review of Oregon Eviction moratoria, HB 4213 and  
COVID Law Hot Topics.

We have also completed research in partnership with  
other housing provider groups to understand the critical  
availability of rental assistance.

We have sent more than \_\_32\_\_ communications to  
our contact lists which includes members and

nonmembers about best practices to provide safe and clean housing

As information and guidance relevant to the housing industry has become available from the CDC and OHA, we have acted quickly to ensure it is in the hands of our members

We quickly tailored our website to feature a dedicated Covid – 19 resources page which can be accessed by both members and nonmembers.

However, housing providers are whirling from the constant changes to regulations which in turn requires form changes. Thanks for inviting me today and I am happy to answer any questions.
