

The following resolution has been proposed as policy at the State grange convention in Klamath Falls.

Maplewood Grange 662
Convention

September 18, 2020 State Grange

Be it resolved:

Whereas; the Oregon legislature has established the joint committee "Task Force on Universal Health Care", and

Whereas the current health care system in the United States has resulted in high prices and inconsistent, limited access to even the most basic forms of health care, and

Whereas; structural changes are needed to prevent such practices and promote the efficient functioning and protection of the health of the community,

Therefore be it resolved that the Oregon State Grange supports the work of the Task Force and the concept of Universal Health Care for Oregon, subject to development of a fair, reasonable and affordable program confirmed by a vote of the people.
