

Eligibility per the bill.

The Plan **shall allow** participation by any individual who:

- Resides in this state; **Just need definition of "resides". No ongoing sign up.**
- Is a nonresident who works full time in this state and contributes to the plan . **Need definition and verification of full time employment and "contributes".**
- Is a nonresident who is a dependent of an individual described in first two bullets. **This is clear**
- The Task Force's recommendations **shall address** issues related to the provision of services to nonresidents who receive services in this state and to plan participants who receive services outside this state. **Out of state will be a bigger discussion.**

Affordability does not belong here. Current system is not affordable.

No means testing--this is costly and wasteful admin and means change over time. No copays or deductibles.

Thanks,

Tom Sincic, MSN, RN-E, FNP-Retired
