
Senate Interim Committee On Mental Health Measure 109 Implementation

André Ourso

Administrator, Center for Health Protection
Public Health Division

PUBLIC HEALTH DIVISION

Measure 109 Purpose

“Oregon Psilocybin Services Act”

- Educate the people of this state about the safety and efficacy of psilocybin in treating mental health conditions
- Reduce the prevalence of mental illness among adults in this state, and to improve the physical, mental, and social well-being of all people in this state
- Develop a long-term strategic plan for ensuring that psilocybin services will become and remain a safe, accessible and affordable therapeutic option for all persons 21 years of age and older
- Protect the safety, welfare, health and peace of the people of this state by prioritizing this state’s limited law enforcement resources in the most effective, consistent and rational way
- Establish a comprehensive regulatory framework concerning psilocybin products and psilocybin services under state law

OHA Measure 109 Implementation

- Examine, publish, and distribute to the public available medical, psychological, and scientific studies, research, and other information relating to the safety and efficacy of psilocybin in treating mental health conditions.
- Adopt rules and regulations for the eventual implementation of a comprehensive regulatory framework that will allow persons 21 years of age and older in this state to be provided psilocybin services
- Establish and administer the Oregon Psilocybin Advisory Board
- Develop forms and an application process and associated rules

Measure 109 Implementation Timeline

Two- Year Development Period January 1, 2021 – December 31, 2022

Oregon Psilocybin Advisory Board

- Advises and makes recommendations to OHA
- 14-16 members appointed by the Governor
- 3 ex-officio members of OHA
 - Public Health Director or designee
 - State Health Officer or physician designee
 - Designee of the Health Policy Board
