# Minnesota Success with B20

---

- Effective May 1, 2018, the seasonal blending requirements are:
  - Winter months - 5 percent biodiesel - All diesel fuel sold in Minnesota must contain at least **5% biodiesel (B5)**.
  - Summer months - April 15 to September - All diesel fuel sold in Minnesota must contain at least **20% biodiesel (B20)**.
- MN Standard reduces the emission equivalent of nearly 230,000 vehicles from the road each year.<sup>1</sup>
- Immediate economic and environmental benefits without vehicle performance or infrastructure concerns.
