

As a landlord in Oregon I am in opposition of LC - 18. The rentals are part of our income. The laws have favored the renters since Covid and when will this end? We have scrimped and saved to purchase our real estate and it is totally unfair to place the burden of Covid on our backs. I can not imagine if I needed to sell my rental now! Many landlords will never get paid and most the time our rentals are destroyed. NO ON LC -18!
