

We have rental properties in both Multnomath and Washington County. Covid-19 has negatively impacted housing providers as well as our tenants. Our uncollected rents are mounting to be 18% of our gross rents. Worse yet, many of our residents moved out owing back rents. We practically have no recourse against the tenants for the loss rents. Any government financial aids must consider both housing providers and tenants. Thank you for your attention.

Respectfully,

Isaac Hung

President, ICM Resources, Inc.
