

Greetings.

Are mortgage companies going to forgive 20% of the mortgage owed by landlords?

Is the tax collector going to forgive 20% of property taxes owed by landlords?

Are insurance companies going to forgive 20% of the premiums owed by landlords?

Will handymen, contractors, plumbers, electricians forgive 20% of what is owed by landlords?

Since we are "all in this together," will politicians take a 20% cut in pay and contribute it to struggling landlords who have already had to sacrifice their income for many months?

Please oppose LC-18
