## **5 Programs that have been labeled public purposes**

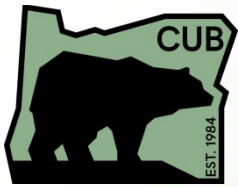

- Energy Efficiency**
- Renewables**
- Low Income Weatherization**
- Schools**
- Low Income Housing**

# Energy Efficiency

## Change in Average Residential Electric Usage Since 1990

# Other Programs

Renewables – adding grid  
connection/resilience to criteria

Low Income Weatherization – modest increase  
from .35% to .55%

Schools and Low Income Housing – extending  
sunset to 2035 allows multi year projects
