

stronger version of LC18

**Dear Legislators,**

**I am a Portland, Oregon resident and would like to strongly urge you to pass a stronger version of LC18 following the amendments put forth by Reimagine Oregon and affirmed by ACLU Oregon.**

**Renters should not be vulnerable to eviction during the pandemic, dramatic economic downturn, and winter. This economic downturn is horrible but most horrible for those people who a stronger version of LC18 will protect.**

**Please do the right thing here and protect vulnerable Oregonians.**

**Thank you**
