This is an ill-conceived bill that will never work and punishes 99-percent of firearms owners! Any trigger/chamber lock may be mechanical "cut-off" in less than 10-seconds using any number of cutting tools. What if the firearm is needed for self defence? Will the police arrive in time to prevent a crime against a firearm owner who needs self-defense?? This bill appears to have been written by individuals who have 1) never owned a firearm, 2) never used firearms, 3) and not consider ALL the facts before moving ahead with draconian legislation. What if a firearm is needed for self-defense? Will the police EVER arrive in seconds/minutes to protect someone in need?? This bill is nothing more than an attempt to diminish the 2nd Amendment of the Constitution which is part of the Bill of Rights. I recommend a NO vote on LC 38 and will NEVER vote for a candidate that supports such restrictions against law-abiding citizens!!
