| Homeless | 1,251 | (0.4%) |
| Incarcerated* | 6.1% of incarcerated population | |

MEETING THE NEEDS OF CHANGING DEMOGRAPHICS

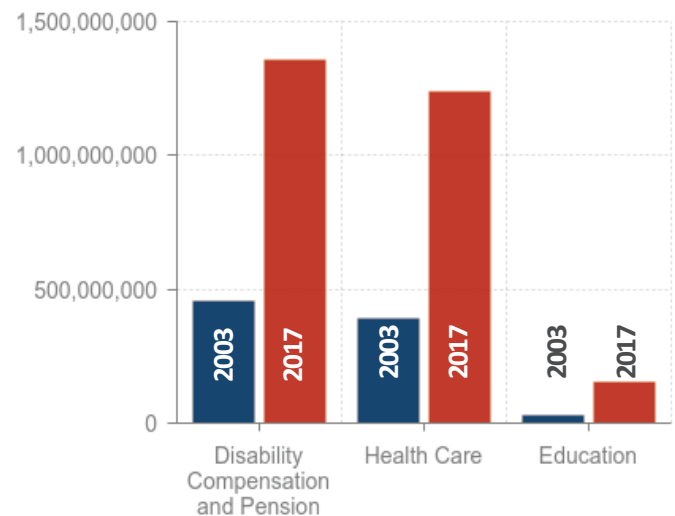

Since the beginning of the wars in Iraq and Afghanistan in 2003, Oregon veterans are accessing federal and state benefits at historic rates. Even as the veteran population continues to decline because of an aging veteran population, the demand for benefits and services has continued to increase.

The resulting annual VA expenditures into Oregon has increased 307% since 2003.

In addition to an increase in federal expenditures, Oregon has responded by dedicating 1.5% of Lottery net proceeds aimed at increasing veterans access to state and federal benefits including claims assistance in every county and establishing state and community partnerships to leverage expert resources and bridge funding for veteran specific services.

VA EXPENDITURES [2003 VS 2017]

\$2.8 BILLION PER YEAR IN TOTAL VA EXPENDITURES IN OREGON

*Note from VA: FY2017 VA Disability Compensation and Pension Recipients by County of Residence// Some categories may not sum to the total due to missing information (e.g., age, gender, etc.)

*Incarcerated veterans: Estimated population is based on in-take and verification of those veterans who self-identify as a veteran (911 veterans of 14,891 total inmates as of Nov. 2018)
