Summary of Revenue Changes

The Health-Related Licensing Boards (HRLB) are comprised of six independent licensing boards supported by Other Funds revenues primarily derived from examination, application and licensing fees. The boards are combined into one agency for the ease of budgetary reporting; however, each has a separate limitation within the bill that is approved by the Legislature.

Oregon Mortuary and Cemetery Board

The Subcommittee approved an additional \$1,376,107 in Other Funds revenue to reflect the transfer of the administration of the Indigent Disposition Program in House Bill 3243 (2015) from the Oregon Health Authority (OHA) to the Board. In addition, the Subcommittee approved an increase of \$31,302 to the intrafund transfer-in amount to update the cost allocation for the accountant position shared by all HRLBs.

Board of Naturopathic Medicine

The Subcommittee approved an increase of \$6,626 to the intrafund transfer-out to update the cost allocation for the accountant position shared by all HRLBs. In addition, the Subcommittee included an \$8,000 transfer-out to OHA for the workforce database fee.

Occupational Therapy Licensing Board

The Subcommittee approved a \$45,700 increase in licensing revenues to better reflect actuals. The Subcommittee also approved an increase of \$12,244 to the intrafund transfer-out to update the cost allocation for the accountant position shared by all HRLBs and an \$8,640 transfer-out to OHA for the workforce database fee.

Board of Medical Imaging

The Subcommittee approved a \$1,200 increase in revenues to reflect the additional licensing revenue from Bone Densitometry Certification approved in House Bill 2267 (2017). In addition, the Subcommittee approved a \$211 increase to the intrafund transfer-out amount to update the cost allocation for the accountant position shared by all HRLBs and a \$25,100 transfer-out to OHA for the workforce database fee.

State Board of Examiners for Speech-Language Pathology and Audiology

The Subcommittee approved a \$10,400 transfer-out to OHA for the workforce database fee. In addition, the Subcommittee approved an increase of \$15,999 to the intrafund transfer-out to update the cost allocation for the accountant position shared by all HRLBs.

Oregon Veterinary Medical Examining Board

The Subcommittee approved a \$3,356 decrease to the intrafund transfer-out amount to update the cost allocation for the accountant position shared by all HRLBs.

Summary of Education Subcommittee Action

Oregon Mortuary and Cemetery Board

The Oregon Mortuary and Cemetery Board regulates the individuals and facilities engaged in the care, preparation, and processing, transportation and final disposition of human remains through licensing, inspection and disciplinary programs. The Subcommittee approved a budget of \$2,173,299 Other Funds and seven positions (7.00 FTE). The budget reflects a 2.6 percent increase from the 2015-17 Legislatively Approved Budget and provides the Board with an ending balance of \$902,988, which is approximately 10.0 months of operation expenses.

The Subcommittee approved the following:

- Package 801, LFO Analyst Adjustment: increases non-license revenue and eliminates a revenue transfer-in from OHA to reflect the Board's administration of the Indigent Disposition Program approved in House Bill 3243 (2015). This package also updates the cost allocation model for the accountant position shared by the HRLBs, while increasing professional services by \$56,038 and reducing Other Services and Supplies by \$16,577.

Budget Note:

The Health-Related Licensing Boards are directed to work with the Office of the State Chief Information Officer and other licensing boards as appropriate, to assess the information technology needs and requirements for licensing databases, as well as support for desktop, hardware and software, and any other IT systems. A report on this assessment, including any request for additional resources, is to be presented to the Joint Committee on Ways and Means during the 2018 Legislative Session.

Board of Naturopathic Medicine

The Oregon Board of Naturopathic Medicine regulates naturopathic physicians through licensing and disciplinary programs. The Subcommittee approved a budget of \$812,660 Other Funds and three positions (3.00 FTE), which is a 10.7 percent increase from the 2015-17 Legislatively Approved Budget and provides the Board with an ending balance of \$271,487, which is approximately 8.0 months of operating expenses.

The Subcommittee approved the following:

- Package 110, Improving Customer Service: increases the Board's existing Investigator 2 position from part-time to full-time in order to address an investigative caseload that is increasing both in number and in complexity of cases.
- Package 801, LFO Analyst Adjustment: includes a transfer-out to OHA of \$8,000 for the workforce database fee and updates the cost allocation model for the Board's portion of the shared accountant position by changing the following budget categories: increase the total transfer-out intrafund by \$6,626, increase Professional Services by \$18,679, and reduce Other Services and Supplies by \$24,566.

Occupational Therapy Licensing Board

The Occupational Therapy Licensing Board regulates the practice of occupational therapy through licensing and disciplinary programs. The Subcommittee approved a budget of \$490,830 Other Funds and two positions (1.50 FTE), which is a 3.5 percent increase from 2015-17 Legislatively Approved Budget and provides the Board with an ending balance of \$207,471, which is approximately 10.1 months of operating expenses.

The Subcommittee approved the following:

- Package 801, LFO Analyst Adjustment: includes an update to the cost allocation model for the Board's portion of the shared accountant position by changing the following budget categories: increase the total transfer-out intrafund by \$12,244 and increase Professional Services by \$10,896. The package also reduces personal services costs by \$29,200 to better reflect actuals.

Board of Medical Imaging

The Oregon Board of Medical Imaging licenses and regulates radiographers, radiation therapists, limited x-ray machine operators, nuclear medicine technologists, sonographers, MRI technologists and has now expanded to Bone Densitometry Certification through House Bill 2267 (2017). The Subcommittee approved a budget of \$900,268 Other Funds and three positions (3.00 FTE), which is a 4.6 percent decrease from the 2015-17 Legislatively Approved Budget and provides the Board with an ending balance of \$192,303, which is approximately 5.1 months of operating expenses.

The Subcommittee approved the following:

- Package 126, Bone Densitometry Certification: increases revenue for the establishment of a fee to obtain a limited permit to practice bone densitometry in Oregon, approved in House Bill 2267 (2017). The Board estimates 10 applicants will apply for the \$120 biennial permit during 2017-19, for a total revenue of \$1,200 Other Funds.
- Package 801, LFO Analyst Adjustment: includes a transfer-out to OHA of \$25,100 for the workforce database fee and updates the cost allocation model for the Board’s portion of the shared accountant position by changing the following budget categories: increase the total transfer-out intrafund by \$211 and reduces Other Services and Supplies by \$32,997. Additionally, the package removes excess limitation in instate travel (\$7,363), office expenses (\$10,000), rent (\$7,000), and Agency Program Related Services and Supplies (\$14,715) to reflect actuals.

State Board of Examiners for Speech-Language Pathology and Audiology

The Board of Examiners for Speech-Language Pathology and Audiology regulates Speech-Language Pathologists, Speech-Language Pathology Assistants and Audiologists through licensing and disciplinary programs. The Subcommittee approved a budget of \$626,713 Other Funds and two positions (2.00 FTE), which is a 7.9 percent decrease from the 2015-17 Legislatively Approved Budget and provides the Board with an ending balance of \$254,643, which is approximately 9.8 months of operating expenses.

The Subcommittee approved the following:

- Package 801, LFO Analyst Adjustment: includes a transfer-out to OHA of \$10,400 for the workforce database fee and updates the cost allocation model for the Board’s portion of the shared accountant position by changing the following budget categories: increase the total transfer-out intrafund by \$15,999, increase Professional Services by \$12,453, and reduces Other Services and Supplies by \$19,619. This package also eliminates an Investigator position (0.50 FTE) that had been approved as limited duration in House Bill 5023 (2015) for a reduction of \$83,621 in Personal Services costs.

Budget Note:

The State Board of Speech-Language Pathology and Audiology is directed to conduct a review of its complaint and investigation process and workload, and report to the Joint Committee on Ways and Means during the 2018 Legislative Session.

Oregon Veterinary Medical Examining Board

The Oregon Veterinary Medical Examining Board regulates the veterinary professions in Oregon through enforcement of the Veterinary Practice Act. The Subcommittee approved a budget of \$990,407 Other Funds and four positions (3.75 FTE), which is a 6.6 percent increase from 2015-17 Legislatively Approved Budget and provides the Board with an ending balance of \$627,840, which is approximately 15.2 months of operating expenses.

The Subcommittee approved the following:

- Package 801, LFO Analyst Adjustment: includes an update to the cost allocation model for the Board's portion of the shared accountant position by changing the following budget categories: reduce the total transfer-out intrafund by \$3,356, increase Professional Services by \$26,462, and reduce Other Services and Supplies by \$26,861. In addition, this package adjusts the Investigator position FTE approved as permanent full-time in House Bill 5023 (2015) from 0.75 FTE to 1.00 FTE, with a corresponding increase of \$25,079 to Personal Services.

apprenticeship records review, cultural competency training, and months added to an existing Apprenticeship Representative position, which serves as a liaison between BOLI and other workforce partners. At its September 2017 meeting, the Interim Joint Committee on Ways and Means recommended the additional expenditure limitation and the addition of twelve months (0.50 FTE) on a limited duration basis to the position; the performance period of the grant is not anticipated to extend beyond the 2017-19 biennium.

Health-Related Licensing Boards

The Subcommittee approved an increase in Other Funds expenditure limitation of \$24,000 for the Occupational Therapy Licensing Board for conducting fingerprint background checks on new applicants.

The Subcommittee approved an increase of \$131,158 Other Funds expenditure limitation and the establishment of a permanent half-time Investigator 2 position (0.31 FTE) for the Board of Speech-Language Pathology and Audiology to address the Board's costs related to investigations. Included in the \$131,158 increase is \$42,587 for personal services, \$3,571 services and supplies, \$60,000 for professional services, and \$25,000 for Attorney General costs.

An increase of \$46,111 Other Funds expenditure limitation is included for the Veterinary Medical Examining Board for costs related to the veterinary facility inspection program established by HB 2474 (2015). The increase in limitation will be used to fund the cost of the full-time inspector position at a salary level higher than the budgeted step 2 and includes services and supplies for travel and per diem costs.

ECONOMIC AND COMMUNITY DEVELOPMENT

Oregon Business Development Department

The Subcommittee increased Lottery Funds by a total of \$1,500,000, to provide one-time support for three programs: \$500,000 was provided for the City of Warrenton to finance the rebuilding of a dock destroyed by fire; \$500,000 was provided for the Port of Cascade Locks to finance infrastructure and business recruitment at the Port's Business Park; and \$500,000 was provided for deposit into the Local Economic Opportunity Fund, to assist community economic resilience planning.

The Subcommittee also transferred \$1,250,000 of Lottery Funds expenditure limitation from the Strategic Reserve Fund program to the Oregon Growth Fund. The Lottery Funds expenditures for the Oregon Growth Fund are approved on a one-time basis and will be phased out in the development of the agency's 2019-21 biennium current service level budget. The Oregon Growth Board will utilize the Oregon Growth Fund moneys as allowed to increase capital to the state's early-stage small businesses.

Other Funds expenditure limitation of \$642,194 was approved for repairing and improving docks owned by the Port of Brookings Harbor. Lottery bonds were approved to finance this project in the 2017 session, but because of an error, expenditure limitation of the bond proceeds

OREGON BOARD OF MEDICAL IMAGING

GOVERNOR'S BUDGET FOR 2019-2021

AGENCY SUMMARY

AGENCY SUMMARY NARRATIVE

BOARD OF MEDICAL IMAGING

BUDGET NARRATIVE

Mission Statement and Statutory Authority

Mission Statement: The mission of the Oregon Board of Medical Imaging is to promote, preserve and protect the public health, safety and welfare of Oregonians who are undergoing medical imaging studies performed by agency licensees for the purpose of medical diagnosis and therapy.

Statutory Authority: Oregon Revised Statute 688.405 to 688.605 and 688.915 and 688.930. Oregon Administrative Rules 337-001-0000 to 337-030-0025.

Agency Strategic Plan

Long-term agency goals are based upon safety of the public and health professionals, accessibility of health care services to all Oregonians, and public awareness of the need for licensure and safety precautions in the practice of medical imaging. The OBMI's short-term plan is focused upon updating the agency information technology processes, including shifting licensure and other agency information to a new database. To achieve long-term goals, the Board's focus is on appropriate licensure, continuous review and update of licensure and credentialing requirements, and effective communications with licensees, health providers, and the public. Outcomes tie to key performance measures including timely licensure, use of online renewal, high rate (97%) of disciplinary case resolution without appeal, and responding to all inquiries within two business days.

Agency Process Improvement Efforts

Clarifying, Updating and Streamlining Regulations: The OBMI is undergoing a continuous improvement process of reviewing agency regulations and practices, and will continue to perform reviews during the 2019-21 biennium. Through development of clear and reasonable regulations, along with effective communication processes, the Board can promote licensure compliance and thereby improve the public health and safety. Recent continuous improvement initiatives include:

- Amended the process for issuance of late renewal fees to make it easier for licensees to comply and avoid penalties;
- Implemented policies to enable long-time radiographers to continue to maintain their licensure;
- Revised regulations to help limited x-ray schools maintain compliance with their national accrediting entity;
- Enacted administrative rules to clarify the process for students to obtain temporary licensure;

BUDGET NARRATIVE

- Developed a quick reference guide to help clarify licensure requirements;
- Ongoing project to upgrade and simplify the OBMI website to make it more useful and efficient for licensees and the public;
- Initiated an e-newsletter to update licensees and health institutions on new laws and regulations, to promote compliance and obtain feedback.

Key Performance Measures

The Board strives to achieve KPM targets:

- To complete all properly-submitted license and renewal applications within five days;
- To encourage renewal applications to renew online;
- To provide excellent customer service based upon timeliness, accuracy, helpfulness, expertise, and availability of information;
- To resolve disciplinary cases through negotiated settlement, without having to go to formal hearings; and
- To operate the board and agency consistent with best management practices.

Agency Programs

Primary functions of the Board of Medical Imaging:

- Licensure: The OBMI's licensure process assures that imaging technologists are qualified, in order to promote safety through properly-executed health procedures and improved health outcomes. The OBMI establishes licensure standards, completes background checks of license applicants, and confirms national registry credentials and/or continuing education attendance. To promote timely renewal and reduce licensure violations, the OBMI mails reminder notices to licensees in advance of the renewal date. The OBMI issues several licensure types, including permanent licensure for fully-qualified technologists, provisional licensure for current licensees who are gaining clinical experience to add a specialty to the current license, and temporary licensure to allow students and recent graduates to work under supervision while completing clinical requirements toward permanent licensure. Licensure is available to qualified radiographers, radiation therapists, limited x-ray operators and – newly added in July, 2010 – nuclear medicine technologists, sonographers, and MRI technologists.
- Education: The OBMI provides oversight and authorization to educational institutions that offer initial education programs for limited x-ray permits and also to schools that offer continuing education to licensees. Working with a vendor, the Board oversees initial examinations for limited x-ray machine operators.

BUDGET NARRATIVE

- Enforcement to promote effective compliance: The OBMI investigates violations of licensure statutes and rules, and is typically able to resolve infractions through negotiated agreements. The Board works closely with OHA's Radiation Protection Services (RPS), which is directed by statute (ORS 688.595) to enforce the medical imaging law. The OBMI will, if necessary, initiate disciplinary action including civil penalties, license suspension or revocation. In this regard, OBMI staffers provide daily one-on-one communication with licensees and applicants, through telephone, email and walk-ins, to help licensees maintain compliance and avoid violations. The OBMI staff work to clarify licensure requirements on the website and through an e-newsletter. The OBMI has opened an average of 63 disciplinary cases per year over the past six years.

Environmental Factors

Board statutes, policies and practices must be in conformance with, or be able to react to, a variety of outside factors that impact the regulation and practice of medical imaging, including:

1. **Dynamic technology environment**: Medical imaging technology is in a state of continuous modernization. As the industry and technology evolve, statutes, regulations and practices need to be reviewed and updated to be relevant to the current technology environment.
2. **Broader health care marketplace**: Technology and demographics, as well as political and economic factors related to cost containment and covering the uninsured, cause ongoing changes in the health care marketplace. In particular, aging of the population is expected to increase demand for health care services including imaging services.
3. **Licensure base is growing**: Medical imaging is a profession that is growing in numbers and in areas of specialization. This will likely create ongoing stresses to regulatory efforts to assure quality and safety for the public.
4. **National credentialing registries**: Oregon medical imaging licensure is closely aligned with national credentialing registries and professional societies. As these national entities evolve, Oregon regulatory practices must keep abreast of changes at the national level.
5. **Federal and state health regulations**: There are multiple layers of health regulations that require coordination with other agencies and/or levels of government, making compliance for practitioners and enforcement for regulatory agencies more challenging.
6. **Other state laws in conflict with Oregon laws**: A number of medical imaging technologists move to Oregon to take a job, or travel to Oregon on temporary work assignment, without realizing that Oregon's licensure laws are more comprehensive than other states. This creates ongoing challenges to improve public awareness and enforcement of regulations.
7. **Educational institutions**: Medical imaging technologists receive education from certain public and private post-secondary institutions. The health care marketplace is dependent upon these institutions to provide appropriate classroom training. These institutions may work in cooperation with health institutions to provide necessary supervised clinical experience. In some cases,

BUDGET NARRATIVE

lack of availability of classes and training can make it difficult for health institutions, particularly in rural areas, to recruit appropriately-trained technologists.

CRITERIA FOR 2017-2019 BUDGET DEVELOPMENT

1. **Licensure:** Ensure all eligible applicants hold a current license to practice medical imaging technology.
2. **Compliance:** Ensure the safety of those Oregonians who are cared for by medical imaging technologists, professionals, radiation therapists, LXMO and operators of subspecialties and emerging or hybrid technology.
3. **Education:** Require high standards for all Oregon medical imaging technology programs under the governance of the Board.
4. **Governance:** Ensure the Board follows its mission and legal mandate while recognizing growth in technology needs.

Licensure: Ensure all eligible applicants hold a current medical imaging license. Provide prompt and responsive customer service to licensees and public.

- Process all eligible applicants in an efficient and expedient manner.
- Establish and enforce measurable competency standards for continued licensure.
- Enhance web-based licensure services.

Results:

- ✓ Licensees are qualified to protect public safety.
- ✓ Workforce requirements are clearly understood and easily evaluated.
- ✓ All areas of the state, including urban and rural areas, have appropriate access to health care services.

Compliance:

- Define and enforce the scope of practice for all licensees.
- Investigate all complaints or licensees who self-disclose violations.
- Encourage negotiated agreements over contested cases.
- Identify common disciplinary trends and analyze past disciplinary cases or actions for consistency.
- Reference applicable board policy on disciplinary action along with statutory and rule violations.
- Participate and promote professional societies' standards of practice that improve and enhance professionalism and the safety of Oregonians.

BUDGET NARRATIVE

- Collaborate with continuing education (CE) sponsors to develop and deliver educational presentations available to all licensees for continuing education credit toward license renewal eligibility.

Results:

- ✓ The practice of medical imaging in Oregon is held to high standards to protect the public health and safety.
- ✓ Future or current medical imaging technologists and therapists are informed of practice issues to help prevent problems.
- ✓ Provides disciplinary criteria that are more consistent for decision-making.

Education: Establish and enforce standards for all Oregon medical imaging technologists and therapists programs.

- Periodic on-site evaluation of Oregon Medical Imaging educational programs and inspection of schools offering limited scope X-ray programs.
- Monitor performance of Oregon Medical Imaging technologists and therapists graduates on their national certification.
- Monitor performance of Oregon Limited Scope in Radiography examination candidates' pass rate.

Governance: Ensure the Board follows its mission and legal mandate.

- Assure fiscally responsible decision-making in conducting Board business.
- Use regulatory research findings as appropriate and cost-effective studies to make evidenced-based decisions.
- Communicate Board decisions and policy to stakeholders and other policy makers.
- Serve as information resource to stakeholders.
- Strengthen strategic alliances with relevant healthcare and regulatory entities to affect Oregon health care policy.
- Implement convenient web-based licensing services.
- Conduct ongoing review of statutes, rules and policies.

Results:

- ✓ Licensees and stakeholders are kept informed of medical imaging and therapy technology matters.
- ✓ The public's understanding of the Oregon Board of Medical Imaging's mission is strengthened.
- ✓ Public health and safety is enhanced through improved communication and greater awareness.

Within each Program/Division area, prioritize each Budget Program Unit (Activities) by detail budget level in ORBITS

Document criteria used to prioritize activities:

The mission of the Oregon Board of Medical Imaging is to promote, preserve and protect the public health, safety and welfare of Oregonians who are undergoing medical imaging studies performed by agency licensees for the purpose of medical diagnosis and therapy. The Board is mandated under ORS 688.405 through 688.605 & 688.915.

1.) Licensing - Continuing Education (CE):

The licensure of MRI Technologists, Nuclear Medicine Technologists, Radiologic Technologists, Radiation Therapists, Sonographers and Limited X-ray Machine Operators is the Board's first priority, because without licensure they cannot operate within their scope of practice and licensure causing a severe hardship to Oregonians who are in need of imaging services. Initial applicant's must be evaluated for eligibility by verifying educational requirements, Background checks must be completed and the application information substantiated. Continuing Education (CE) promotes innovative and updated procedures within medical imaging providing additional education and in turn producing better qualified licensees. CE is a requirement used to monitor and ensure practice standards necessary for permanent license renewal. Licensees are required, at the time of renewal, to have completed a specific number of CE hours in their modality. The OBMI has a responsibility to establish CE standards for Limited X-ray Machine Operator, and mirror CE standards established by the credentialing organizations. The American Registry of Radiologic Technologists (ARRT) has named the OBMI as a Recognized Continuing Education Evaluation Mechanism (RCEEM). This allows the OBMI authority to evaluate CE presentations for CE credit, which is used as a tool to monitor compliance for renewal eligibility.

2.) Regulatory Compliance- Complaints & Investigations:

As a regulatory Board, OBMI has a responsibility to the citizens of Oregon, to protect them from possible harm when being exposed to ionizing radiation (or any other medical imaging focused energy technology) by the agency licensees. Investigations are a very important part of the Board's role. Background Checks are being performed on initial and renewing applicants and licensees through the Oregon State Police, Law Enforcement Data System (LEDS). Beginning in 2015, the Board has been completing fingerprint background checks on new license applicants, while continuing Oregon State Police checks on renewal applicants. The Board is required to listen and resolve routine complaints. OBMI is also required to investigate all complaints or violations and take disciplinary action against applicants and licensees who are in violation of Statutes ORS 688.405 through 688.605 & 688.915 and Administrative Rules OAR 337-001-0000 through 337-030-0025. Cases are investigated by staff and the Board's Assistant Attorney General in preparation for review and final vote by Board members to determine the appropriate disciplinary action necessary to resolve each investigative case violation. Almost all disciplinary cases are handled through settlement agreements, without administrative appeal or court action. Through this type of non-adversarial case resolution the Board is able to avoid costly legal proceedings in almost all cases.

3.) Administration:

The Executive Director is responsible for an efficient and fiscally sound day-to-day operation of the agency, under the general direction of the Board. This includes development and preparation of the Board's budget and legislative appearances each biennium. The administration of the agency's programs are crucial to delivering timely licensure to qualified applicants or renewing licensees. This process allows the continuation of imaging services to Oregonians, promoting the public health and well being. Oversight is given by the Director to administrative staff involving program development and delivery with a high regard for customer service. Revenue and spending are closely monitored through the work of an accountant that is shared among six health licensing boards. Board expenditures are closely watched to maintain a fiscally prudent budget aligned with the approved limitation. Planning and implementation of the Board's quarterly scheduled meetings, in conjunction with the Board chair and vice-chair, are a part of the Director's responsibilities and necessary for a well functioning Board.

4.) Limited Scope in Radiography and Bone Densitometry

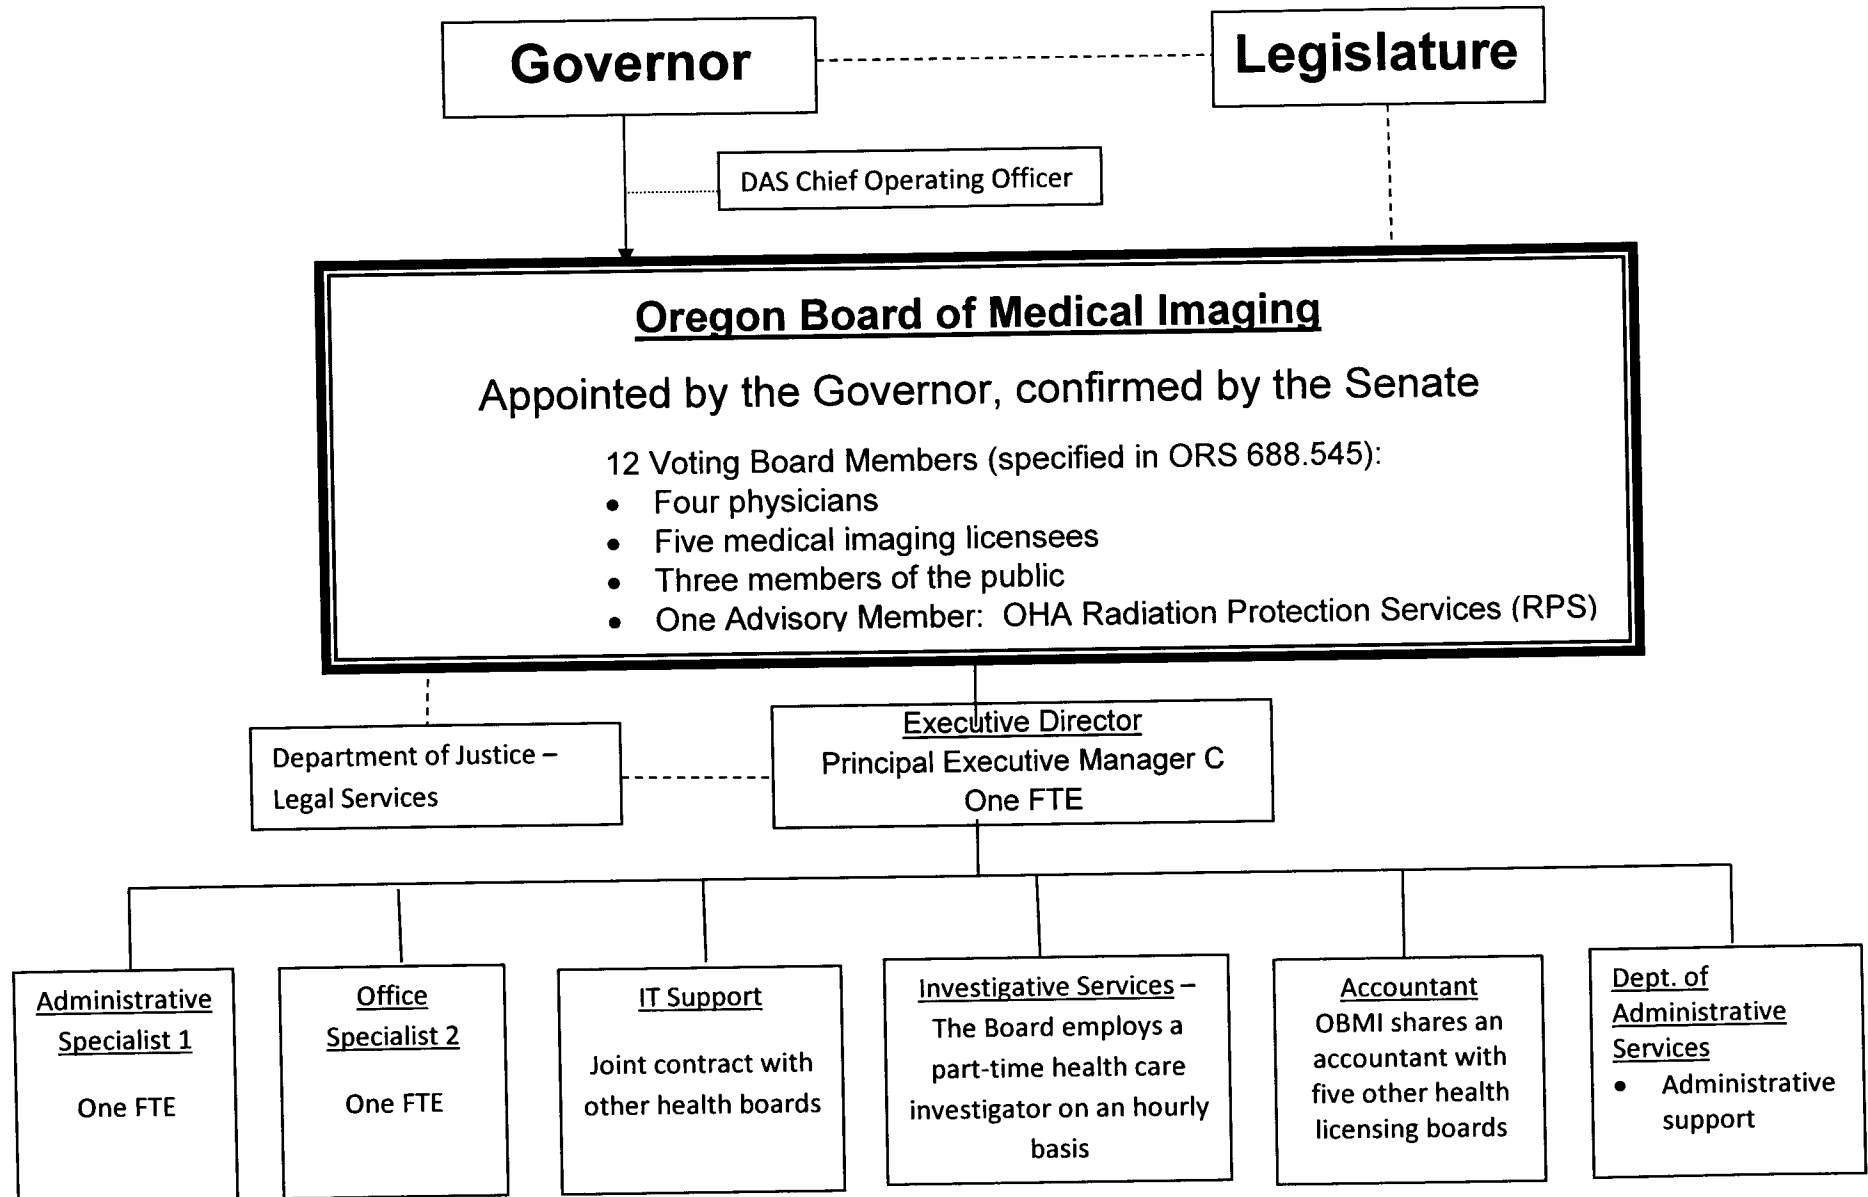

The Limited Scope in Radiography and Bone Densitometry examinations are used to qualify Limited X-ray Machine Operators (LXMO) for permanent licensure. The Board utilizes the limited scope examinations offered through the American Registry of Radiologic Technologists (ARRT), which is a national exam. The Board chose this direction to raise competency standards and promote the possibility of state reciprocity in the future. LXMO licensees are required to pass with 70% to satisfy their competency for permanent state licensure. A temporary LXMO must pass their examinations and have their imaging competencies evaluated by an ARRT-credentialed, Oregon licensed Radiologic Technologist within one-year from the date they complete the limited scope curriculum at a Board approved limited permit or private career school. Board staff verify exam eligibility, enter the exam revenue into the database accounting system, verify and enter their exam application information into the ARRT database, track the applicant's 90 day window of opportunity, verify and review exam scores and notify the applicant of their results. The OBMI exam spreadsheets are maintained to monitor the process each year of the biennium.

10% REDUCTIONS OPTIONS (ORS 291.216)

ACTIVITY OR PROGRAM	DESCRIBE REDUCTION	AMOUNT AND FUND TYPE	RANK AND JUSTIFICATION
(WHICH PROGRAM OR ACTIVITY WILL NOT BE UNDERTAKEN)	(DESCRIBE THE EFFECTS OF THIS REDUCTION.)	(GF, LF, OF, FF. IDENTIFY REVENUE SOURCE FOR OF, FF)	(RANK THE ACTIVITIES OR PROGRAMS NOT UNDERTAKEN IN ORDER OF LOWEST COST FOR BENEFIT OBTAINED)
1.Services and Supplies	Reduce services and supplies by five percent, across the board	\$22,621 Other Funds (license fee revenue)	All activities will continue, but with reduced support services including computer support, legal services, office supplies. Could result is reduced efficiency and response to licensees.
	Reduce services and supplies by ten percent, across the board	\$45,242 Other Funds (license fee revenue)	Computer and website improvements would be put on hold. General reduction in support services to licensees and applicants; reduced response time and efficiency for licensees.
2.Personal Services	Reduce Personal Services by Five Percent, Across the Board	\$33,923 Other Funds (License Fee Revenue)	Delay in issuing licenses and responding to inquiries; delay in responding to inquiries from licensees; general reduction in customer service; reduced ability to investigate health care complaints; reduced ability to process continuing education requests; possible occasional office closure.
	Reduce Personal Services by Ten Percent, across the Board	\$61,847 Other Funds (License Fee Revenue)	Office closure for a maximum of one half day per week; ability to process licenses and CE requests in a timely manner would be compromised; ability to quickly investigate complaints compromised; substantial reduction in quality of customer service.

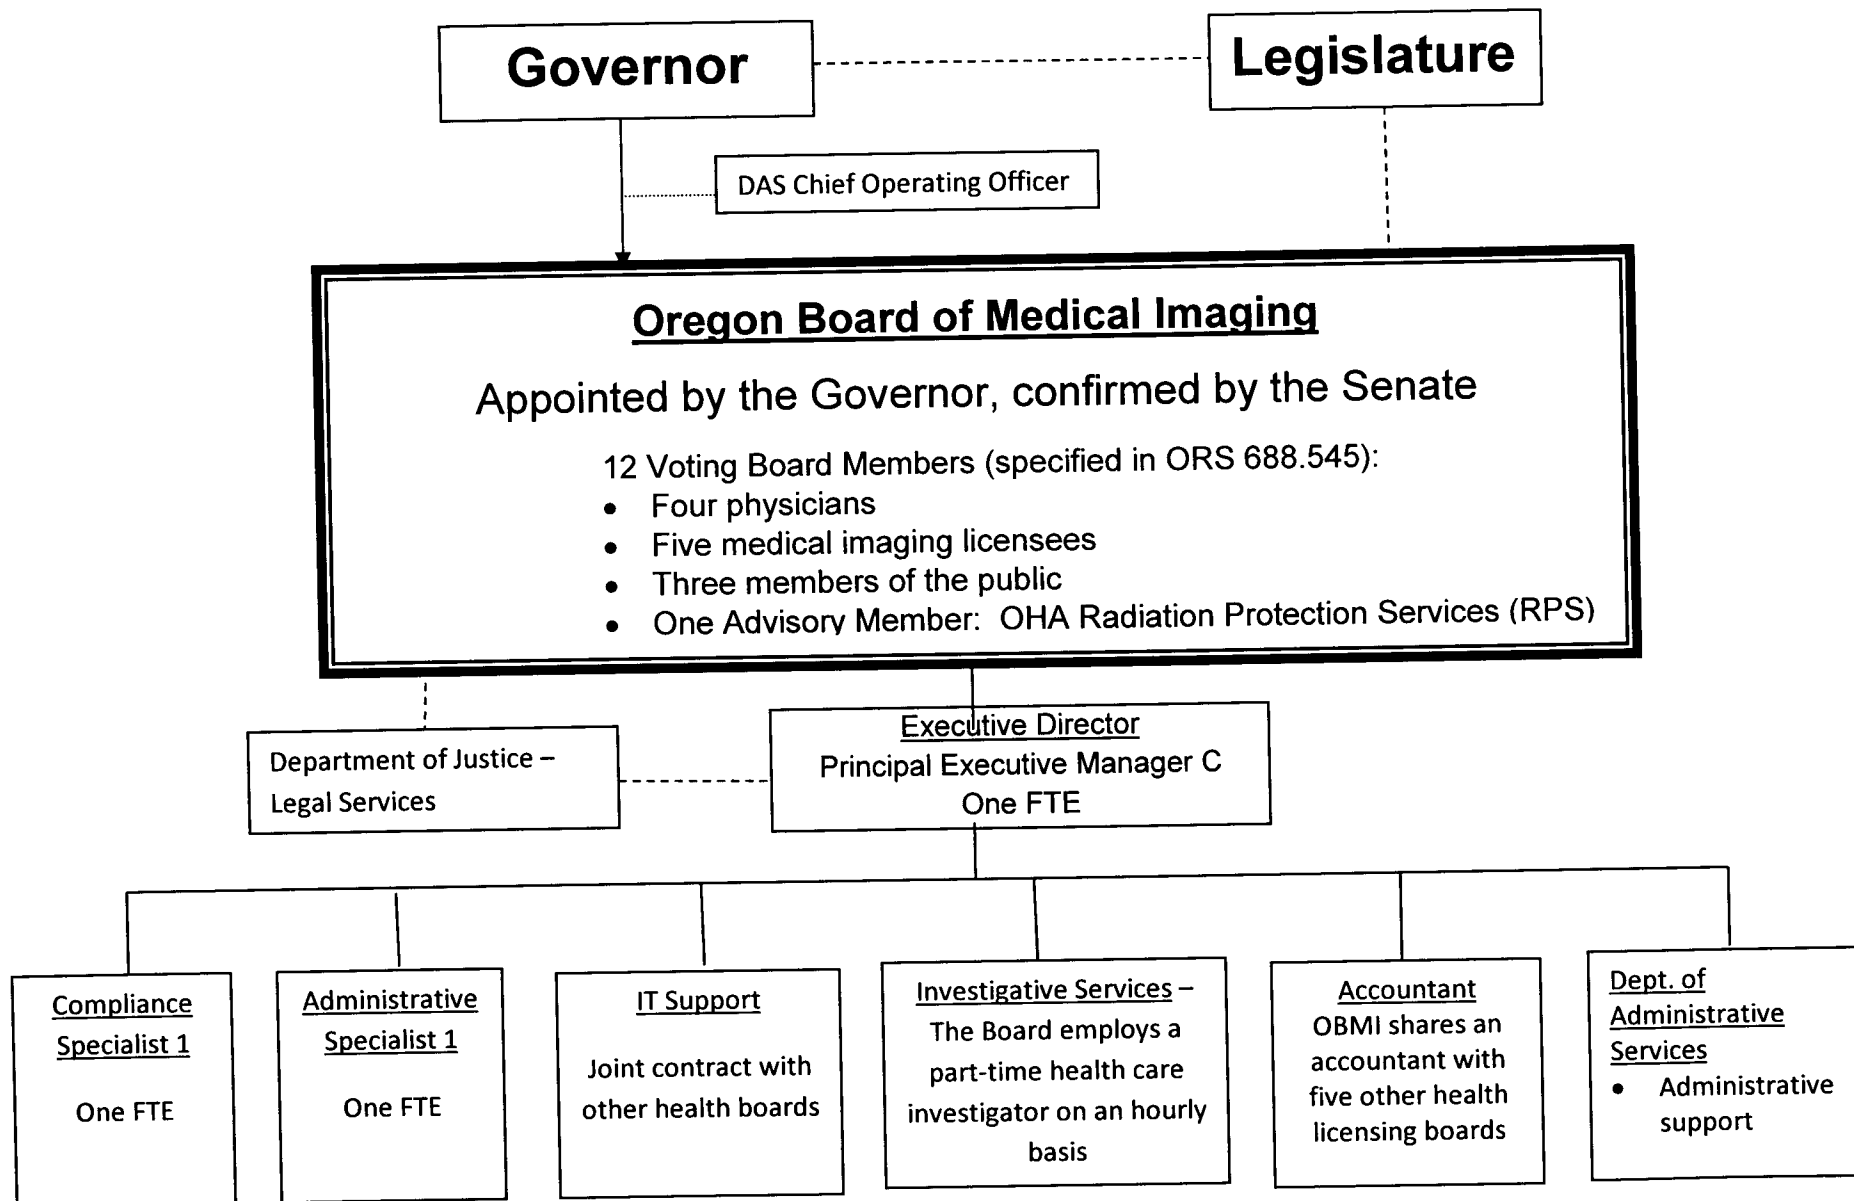

OREGON BOARD OF MEDICAL IMAGING

GOVERNOR'S BUDGET FOR 2019-2021

REVENUES

BUDGET NARRATIVE

BOARD OF MEDICAL IMAGING – PROJECTED SOURCES OF REVENUE 2019-2021

BUDGET NARRATIVE

REVENUE FORECAST NARRATIVE

SOURCES

Solely "Other Funds" revenue generated from limited scope examinations, initial licensing and renewal application fees charged to temporary and permanent medical imaging technologists from one of the following modalities; MRI, Nuclear Medicine, Radiation Therapy, Radiography, Sonography and Limited X-ray Machine Operators (LXMO) support the Oregon Board of Medical Imaging. Minor additional sources include late fees, civil penalty fees and interest.

PROGRAMS FUNDED

All agency programs expenditures are funded through Other Funds revenues.

GENERAL LIMITATIONS ON USE

The Oregon Revised Statutes directs that all money received by the Board be used only for the administration and enforcement of ORS 688.405 to 688.605 and 688.915 and 688.990.

BASIS FOR THE 2019-2021 ESTIMATES

Licensure Fees—85.7% of Total Revenue

Fees for initial licenses and license renewal are expected to account for over 90 percent of OBMI revenue, or about \$763,011 (est.) for 2017-2019. For all permanent licensure modalities, the fee is \$120 for a *two-year* license. Currently there are over 5,800 individuals with a two-year permanent license or limited x-ray permit; of those, 900 have multiple licenses, but pay the single license fee of \$120. An additional 80 individuals have temporary licenses (for students or recent graduates), costing each \$30 for a six-month license. Over the past eight years, the total number of permanent licenses increased by over 50 percent, largely due to 2009 legislation that added a state licensure requirement for sonography, MRI, and nuclear medicine.

Civil Penalties—4.5% of Total Revenue

The OBMI charges civil penalties for violations of statute or rules relating to medical imaging. This is not a substantial source of revenue for the Board, collecting an estimated \$40,500 over the biennium, accounting for less than five percent of overall Board revenue.

PROPOSED CHANGES IN REVENUE

No changes anticipated for the 2019-2021 biennium.

OREGON BOARD OF MEDICAL IMAGING

GOVERNOR'S BUDGET FOR 2019-2021

PROGRAM UNITS

BUDGET NARRATIVE

2019-2021 Essential & Policy Packages Budget

SUMMARY

Base Budget	\$921,079
Essential Packages	
Pkg 010 -- Non-PICS Personal Service Adjustments	1,157
Pkg 030 -- Standard inflation & price list adjustments	22,351
Subtotal: Current Service Level	<u>\$ 944,587</u>
Policy Packages	
Analyst adjustments	
Pkg 091 -- Statewide adjustment to DAS charges	-8,051
Pkg 092 -- Statewide adjustment to Attorney General charges	-2,229
Pkg 101 -- Information technology software and database support	75,000
Pkg 102 -- Reclassify AS1 to CS1	5,953
Pkg 103 -- Reclassify OS2 to AS1	10,737
Pkg 105 -- Flat rate costs for legal services	44,887
Subtotal: Policy Packages	<u>\$ 126,297</u>
TOTAL 2019-2021 Governor's Budget	<u>\$1,070,884</u>

BUDGET NARRATIVE

2019-2021 POLICY PACKAGES NARRATIVE

PROGRAM OPTION PACKAGE – 101- Information Technology (I.T.)

Purpose:

Information Technology licensing database software and infrastructure support

Estimated Cost: \$75,000

How Accomplished:

The Board is in the process of transitioning away from a long-time information technology service provider to a combination of in-house and contracted support. There are increased operating costs relating to replacement of outdated core agency IT systems and support. In addition, the Board is working with six other health-related licensing boards to transition to a new licensing database including staff training and support. Components include:

- Network: Including connectivity, security, and firewall. The boards have already jointly transitioned to Oregon DAS Enterprise Technology Services. For 17-19 biennium, costs are managed within existing expenditure limitation.
- Desktop support: Including end-user support, computers, printers, etc.
- Server: Including file and email, application, and server operating system.
- Database: Boards are currently in discussions with E-lite to transition the current licensing database to a new database.

Staffing Impact:

No direct staffing impact to OBMI. Services to be provided by vendor contract or inter-agency agreement.

Revenue Source:

Other Funds; due to ending balance do not anticipate fee increase.

BUDGET NARRATIVE

PROGRAM OPTION PACKAGE – 102- Reclassify AS1 to CS1

Purpose:

Reclassify Administrative Specialist 1 to Compliance Specialist 1 to better align with the actual day-to-day duties of the job and for pay equity with similar staff positions in other licensing offices.

Estimated Cost: \$5,953

How Accomplished: Agency reclassified position #0000621 from OAS C0107 Admin Spec 1 Step 09 to OAS C5246 Compliance Spec 1 Step 06. For the Board of Medical Imaging, the person in this position spends the bulk of the workday reviewing license applications to determine compliance with statutes and regulations. This position reviews the criminal background information provided with all new and renewing applicants, to assure full and accurate disclosure. These reviews require familiarity with, and the ability to interpret, Oregon criminal statutes and rules as well as other states' laws, for purposes of determining compliance with Oregon criminal background reporting requirements. This position communicates directly with applicants and licensees, to explain licensure requirements and reporting obligations. This position takes the information garnered from the review and creates a primary summary document for the executive director and Board to use for purposes of evaluating an application. This position maintains a database to track all disciplinary cases, including monitoring licensees on probation. This position is the lead LEDS representative for this agency, and serves as the agency's in-house authority regarding documentation/format/procedures related to LEDS, FBI records, Oregon State Police, and court systems in Oregon and other states, as well as several national credentialing entities. Using criminal background information, this position gathers and compiles information and then uses the information to make judgments whether further review by executive director is warranted. Based upon compliance review of license applications, this position consults with executive director regarding applicant compliance with licensure requirements, and whether further review by the board is warranted. This position also maintains communication with in-state continuing education providers, explaining state requirements and obtaining and organizing the providers' CE offerings, submitting those offerings to a board committee, obtaining critique of CE offerings from the board committee, and advising CE providers to make revisions and resubmit CE offerings for board approval.

Staffing Impact: None.

Revenue Source: Other Funds; due to ending balance do not anticipate fee increase.

BUDGET NARRATIVE

POLICY OPTION PACKAGE - 103- Reclassify Office Specialist 2 to Administrative Specialist 1

Purpose:

To realign this position with the actual work being performed, and for pay equity with similar staff in other licensing offices.

How Accomplished:

Agency reclassified position #0000622 from OAS C0104 Office Spec 2 Step 09 to OAS C0107 Admin Spec 1 Step 09. This package reclassifies one FTE from an OS-2 position to an AS-1 position. Reclassifying OBMI's OS-2 position to an AS-1 will reflect the specialized knowledge and skill required for this position, and the fact that this office does not have a dedicated clerical staff position but rather three individuals (FTEs) who work cooperatively to perform the tasks necessary to run a licensing office. The person in this position must review and approve license applications as well as examination applications. This position explains licensure statutes, rules, scope of practice and application process to applicants and to the public. This person must make judgments and collaborate with others in the office to determine appropriate action related to licensure applications. The person in this position must possess extensive knowledge and ability to apply, explain and interpret statutes, rules and board policies and procedures. This position reviews and evaluates continuing education submissions by applicants, to determine appropriateness and applicability to the licensee. This position reviews criminal background reports to determine if the application is complete and if further investigation is required. As the first contact with the public, this position must have a thorough knowledge of, and be able to clearly explain, all aspects of the agency's examination and licensure requirements.

Increased workload factors:

N/A

Costs: Personal Services \$10,737

Staffing Impact: None.

Revenue Source: Other Funds.

BUDGET NARRATIVE

PROGRAM OPTION PACKAGE – 105- Flat Rate Costs for Legal Services

Purpose:

To cover increasing Attorney General legal services flat rate. Department of Justice estimated flat rate for this agency for the 2019-21 biennium is \$82,343, which is \$44,887 above this agency's 2019-21 CSL level (of \$37,456) for Attorney General/legal services. The DOJ flat rate for this agency has been growing at a faster rate than the LAB expenditure limitation since this agency first adopted the flat rate:

Legal Services	LAB \$	DOJ Flat rate \$	Difference \$	% above LAB
2013-15	27,592	29,794	2,202	8%
2015-17	29,978	44,840	14,862	50%
2017-19	31,177	55,768	24,591	79%

Legal services costs are based largely upon hourly rates and usage for attorney services, with hourly rates adjusted by DOJ every two years, subject to legislative action. Usage is driven by factors that this agency cannot fully control, such as type and quantity of disciplinary cases and challenges to board disciplinary orders (with hearings requested), which substantially increases DOJ attorney hours. Some factors driving increases in legal services costs:

1. Jan 2015 – Added fingerprint background checks, which contributed substantially to the number of disciplinary cases (by applicants who did not fully report criminal background with their applications);
2. 2009 to 2017 – Average annual number of disciplinary cases more than doubled;
3. Jan 2018 – added separate investigative committee to correspond to each quarterly board meeting, substantially increasing the hours that we used legal services;
4. Since 2015, the OBMI has experienced a 20% increase in licensees with out-of-state residence, which contributes to disciplinary cases as some non-Oregon technologists start working in Oregon before realizing they need a license and others fail to fully report criminal background.

Estimated Cost: \$44,887

How Accomplished: Increase limitation for Services and Supplies by \$44,887.

Staffing Impact: None.

Revenue Source: Other Funds; due to ending balance do not anticipate fee increase.

OREGON BOARD OF MEDICAL IMAGING

GOVERNOR'S BUDGET FOR 2019-2021

SPECIAL REPORTS

BUDGET NARRATIVE

SPECIAL REPORTS NARRATIVE

Information Technology-related Projects/Initiatives in 2019-2021

The Governor's Budget includes Policy Package 101 to transition from a long-time information technology service provider to a combination of in-house and contracted support, involving all aspects of IT, including network, desktop support, server and database upgrade. Policy Package 101 requests \$75,000 for the Board of Medical Imaging's share of this project cost for 2019-2021, with total costs shared among a total of seven health-related licensing boards.

Facility Proposal Impact on Work Space Requirements

The Oregon Board of Medical Imaging does not have any increases, decreases, or relocations of workspace due to facility proposed projects planned or scheduled for the 2019-2021 biennium.

Audits Response Report

Secretary of State's 2014 Audit of Health Professional Regulatory Boards: The Oregon Secretary of State's Office completed a combined program audit of 17 health licensing boards in 2014, including the Board of Medical Imaging. The auditors recommended further consideration of background check policies for professionals who handle vulnerable populations, and also that the Governor's office consider providing additional support and board member training.

Following recommendations of the 2014 audit, in 2015 the OBMI instituted FBI fingerprint background checks on first-time license applicants. The OBMI will also seek to maximize Board member training through the Attorney General's office, and will assure that new Board members complete all training requirements.

Secretary of State's 2012 Audit: A 2012 audit by the Secretary of State's office noted that the large number of boards and commissions in Oregon make centralized oversight and coordination difficult in some instances. The report noted that boards with small staffs (such as the OBMI) may face challenges relating to segregation of critical functions and difficulty mastering the full range of administrative and technical skills. The report noted that board members may not always understand their role in overseeing the operation of the office.

The audit contained a recommendation that the governor work with the Legislature and DAS to compile a comprehensive listing of boards; come up with a way to improve reporting the efforts and results of boards; and improve oversight of and by board members.

The Board of Medical Imaging is sensitive to the concerns expressed in the 2012 audit. The OBMI makes full use of legal services through the Department of Justice, including consultation on disciplinary cases, attendance at all Board meetings, regular training for

BUDGET NARRATIVE

new and existing Board members, and compliance with the open meetings law and other statutes relating to the operation of a state board.

Affirmative Action Report

Affirmative Action Policy Statement

It is the policy of the Board that no person shall be discriminated against because of race, religion, national origin, gender, age, marital status, sexual preference or identity, or disability.

Affirmative Action 2017-2019 Objectives

The Board of Medical Imaging has been committed to affirmative action and equal opportunity, and to recruit staff and Board members who reflect the Board's commitment to diversity and inclusion. The Board has three staff persons, including two men and one woman, which has remained constant since 2011. Through Board newsletter notices, website notices, and with regard to applicants who apply for Board membership through the Governor's office, the Board seeks to promote membership that is diverse and without regard to disability. While not racially or ethnically diverse, the current 12-person Board membership includes seven women and five men. Board recruitment notices state that "The Board and the State of Oregon welcome all applications and are fully committed to equal opportunity and diversity in Board membership."

In day-to-day interactions with the general public and with OBMI licensees, the Board staff has endeavored to treat all persons with respect and to provide equal treatment, regardless of race, religion, national origin, gender, age, marital status, sexual preference or identity, or disability. In this regard, the Board received no complaints of discriminatory treatment from members of the public or Board licensees. All Board activities are conducted in locations that are fully accessible to disabled persons; all meeting notices provide Board contact information to obtain disability accommodations to attend and participate in Board activities.

Affirmative Action 2019-2021 Objectives

To a significant extent, Board membership is determined by applications submitted to the Governor's office. For 2019-2021, the OBMI will continue to seek diversity of Board membership through efforts to encourage under-represented individuals to participate in Board activities. This will be accomplished through notices on the Board's website and e-newsletter, and through efforts to coordinate with the Governor's office to appoint a diverse voting membership.

In day to day interactions with the general public and OBMI licensees, the Board and Board staff will endeavor to continue to treat all persons with respect and to provide equal treatment, regardless of race, religion, national origin, gender, age, marital status, sexual preference or identity, or disability. All OBMI activities will be fully accessible to persons with disabilities.

KPM # Approved Key Performance Measures (KPMs)

- 3 **TIMELY LICENSURE** - Percent of initial and renewal license and limited permit applications from qualified applicants that are processed within 5 business days.
- 4 **AUTOMATION** - Percent of license and limited permit applications from qualified applicants that are processed using an automated procedure.
- 5 **CUSTOMER SERVICE** - Percent of customers rating their satisfaction with the agency's customer service as "good" or "excellent": overall, timeliness, accuracy, helpfulness, expertise, availability of information.
- 6 **DISCIPLINE RESOLUTION** - Percentage and number of complaints resolved by means other than from formal administrative hearings within a year.
- 7 **BEST PRACTICES** - Percent of total best practices met by the Board.

Annual Performance Progress Report

Reporting Year 2018

Published: 7/22/2018 4:11:36 PM

KPM #3 TIMELY LICENSURE - Percent of initial and renewal license and limited permit applications from qualified applicants that are processed within 5 business days.
 Data Collection Period: Jan 01 - Jun 30

* Upward Trend = positive result

Report Year	2014	2015	2016	2017	2018
Timely Licensure					
Actual	100%	95%	97%	92%	95%
Target	100%	100%	100%	100%	100%

How Are We Doing

During the 1997 legislative session, this KPM was amended. Before 2017, the KPM measured how many applications are processed with ten days from receipt. The new KPM measures how many applications are processed within five days.

Factors Affecting Results

The OBMI is able to process 95% of applications that are submitted within five days, so long as all required documents are provided with the application. If required documentation is not provided, we attempt to contact the applicant by telephone or email and indicate information that is missing from the application -- often including criminal background documentation.

Also, for initial license applications, we must submit fingerprints to the Oregon State Police (OSP) for a background check. When we receive an initial license application in the mail or delivered in person, we immediately release the fingerprints (on a website) to the OSP. Getting the results back from the OSP can take an average of five days (sometimes more; sometimes less), delivered electronically through a web-based program. For initial licenses, the Board's application process effectively begins not when we receive the application, but when we receive the background check from the OSP.

KPM #4 AUTOMATION - Percent of license and limited permit applications from qualified applicants that are processed using an automated procedure.
 Data Collection Period: Jan 01 - Jun 30

* Upward Trend = positive result

Report Year	2014	2015	2016	2017	2018
Automation					
Actual	48%	49%	50%	53%	65%
Target	50%	50%	50%	50%	62%

How Are We Doing

In the past, the target automated applications was 50%. Recently the Board voted to increase the target to 62%, based upon current performance and current license and renewal trends.

Factors Affecting Results

The way the Board currently operates, we can't accept initial licenses through an online process, because we need to receive the pertinent information and set up an account for the applicant/licensee. Once the account is set up, thereafter a license applicant can renew online. Of those who can renew online -- license renewals -- over 90% take advantage of that convenience.

Ten percent of OBM's constituency have limited x-ray permits. Because the Board audits continuing education with every renewal application, limited permit renewals cannot be accepted through an online process.

Because initial license applicants and all limited permit applications (initial and renewal) cannot submit applications using an online process, the overall rate of online renewal typically hovers between 60 and 65 percent. Within that total, the group that can renew online (license renewals) do so over 90 percent of the time.

KPM #5 CUSTOMER SERVICE - Percent of customers rating their satisfaction with the agency's customer service as "good" or "excellent": overall, timeliness, accuracy, helpfulness, expertise, availability of information.

Data Collection Period: Jan 01 - Jun 30

Report Year	2014	2015	2016	2017	2018
Accuracy					
Actual	79%	82%	84%	85%	85%
Target	95%	95%	95%	95%	95%
Timeliness					
Actual	83%	85%	85%	86%	87%
Target	95%	95%	95%	95%	95%
Expertise					
Actual	82%	85%	86%	88%	87%
Target	95%	95%	95%	95%	95%
Overall					
Actual	81%	84%	85%	87%	87%
Target	95%	95%	95%	95%	95%
Helpfulness					
Actual	75%	78%	79%	82%	83%
Target	95%	95%	95%	95%	90%
Availability of Information					
Actual	69%	74%	76%	78%	79%
Target	95%	95%	95%	95%	90%

How Are We Doing

KPM #6 DISCIPLINE RESOLUTION - Percentage and number of complaints resolved by means other than from formal administrative hearings within a year.
 Data Collection Period: Jan 01 - Jun 30

* Upward Trend = positive result

Report Year	2014	2015	2016	2017	2018
Discipline Resolution					
Actual	100%	100%	97%	95%	98%
Target	95%	95%	98%	98%	100%

How Are We Doing

In the past year, the Board has had two cases (out of 100 disciplinary cases opened) appealed to an administrative law judge. Both cases were due to out-of-state technologists applying for licensure in Oregon and failing to fully report criminal background with their initial applications.

Factors Affecting Results

Once the OBMI instituted OSP/FBI fingerprint background checks, the agency has been catching many out-of-state applicants for failure to fully report criminal background. Before fingerprint background checks, the Board was unable to check for criminal background that occurred outside Oregon.

KPM #7

BEST PRACTICES - Percent of total best practices met by the Board.

Data Collection Period: Jan 01 - Jun 30

* Upward Trend = positive result

Report Year	2014	2015	2016	2017	2018
Best Practices					
Actual	100%	100%	94%	100%	100%
Target	100%	100%	100%	100%	100%
