

I am a retiree with one house and two rental apartments at 2107 SE Yamhill, Portland, OR 97214.

I do not have many, many apartments that can be used spread the onerous burden of your proposed changes to Oregon rental laws among them, thus reducing their impact on my bottom line. I only have two apartments, and I cannot reasonably raise the rents enough to pay for your changes. Please exempt small retiree landlords like myself that only have one building from your proposed changes.

kind regards,
