Subject: Written Testimony in Support of ERB Budget Request (SB 5509)

February 7, 2019

Re: SB 5509/Employment Relations Board Budget Request should be granted in full

Dear Oregon State Legislators,

I write as an equity partner on behalf of the Tedesco Law Group to support the Employment Relations Board's budget request (SB 5509). The Board provides an invaluable service to labor groups and employers by assisting to mediate disputes, adjudicating unfair labor practices complaints, and providing guidance to both sides on the state of the law in its rules and decisions.

The Tedesco Law Group represents labor groups all around Oregon and finds the Board very helpful to our clients (and to us) in resolving labor-management issues. We respectfully request that the legislature fully support the Board's current service level funding request to allow the Board to continue doing its good work for both sides.

Respectfully yours,

Katelyn S. Oldham
