RE: Support – HB 2325

Dear Representative Holvey:

The State-Tribal Economic Cluster Group met in June and in October of 2018 to review and discuss the legislative concept regarding the Oregon Tribes being able to register their business entities with the Oregon Secretary of State's Business Registry at the Oregon domestic registration rate. It is the policy of the State-Tribal Economic Cluster Group to support State-Tribal government-to-government relationships, efficiency in government, and promote economic development in Indian Country within the State of Oregon as such supports HB 2325.

Sincerely,

State-Tribal Economic Cluster Group

Umatilla Indian Reservation

Benjamin P. Gille, Jr., Co-Chair
