Dear Chair Witt and Members of the House Committee on Natural Resources,

>

> I am opposed to HB 2351 and HB 2352. I am tired of the continued legislative politics regarding boating on the Willamette River.

Undue legislation being pushed through when State agencies are employed to manage scenarios is useless. The Oregon State Marine Board is fully capable to manage the Newberg Pool and Oregon waterways under existing legislation.

>

> I too am also interested in understanding why Representative Power's position as Associate General Counsel for the Freshwater Trust is not listed under the "Potential Conflicts of Interest" for HB 2351 bill. I would assume the Freshwater Trust would have an interest in legislation of Oregon waterways?

>

> I am hopeful that as elected officials you will focus on more important issues that affect taxpayers.

>

> Please vote NO on HB 2351 & HB 2352.

>

> Sincerely,

>
