---

I respectfully request your support of HB2314

I have been riding motorcycles for nearly 30 years. I have been an Oregon resident since 1999. My first experiences riding was in California. As you know, lane sharing is legal in CA. When a rider has the ability to filter through traffic it give benefits not only to the rider but to other traffic. I always felt safer when I had a place to escape to in traffic to avoid the potential of being rear ended. Additionally, a motorcycle filtering through traffic is essentially 'one less car'.

I hope you will support this bill.

Most Sincerely,

Steve Callan
