

Dear JCCR Committee Staff JCCR Committee Staff,

Dear Co-chairs Dembrow and Power, and members of the committee,

Now is the time to act! Drought, fires, heat, people migrating to our state -- climate change is affecting us right now. I am worried for my baby's future and for all of us. Please help keep Oregon a great place to live and be part of the fight against the climate crisis.

House Bill 2020, the Clean Energy Jobs bill, is an exciting proposal. A strong Clean Energy Jobs bill will:

- Reduce emissions quickly to meet Oregon science-based climate goals for 2035 and 2050
- Hold large polluters accountable
- Invest in clean energy projects in communities across the state, and
- Ensure a majority of investments benefit the communities most impacted by climate change.

At the same time, there should be no rollbacks to any of our existing environmental programs in the process.

Thank you for your love of our state and your help in giving us a future.

Sincerely,  
Lily Cool
