Subject: Support of HB2314
Date: Monday, February 18, 2019 11:03:52 AM

I hope you support HB2314. I personally support HB2314 for it will increase safety for motorcyclists like myself in traffic and help alleviate the congestion in rush hour for many Oregonians. Studies have shown this is a safe method for motorcycles to use and I personally would commute to work more if this were the case as I think many people have the same opinion. Thank you for your time and hope you support HB2314.

Thanks,
Austin
